EDUCATION	• Bachelor of Technology in CSE (AIML) , PCCOE, Pune	Expected 2026
	• Higher Secondary (12th Grade):Vivekanand College, Kolhapur. HSC Board Percentage : 66.17	March 2022
	• Secondary School (10th Grade) : Chate International School, Kolhapur. SSC Board Percentage : 90.60	March 2020

KEY SKILLS	Project Management	Finance	Strategic Planning	Stakeholder Management
	Problem Solving	Communication	Team Collaboration	Time Management

FRAMEWORKS	OpenCV	Tensorflow	MediaPipe	Pandas	Keras
------------	--------	------------	-----------	--------	-------

LANGUAGES	Python	C	C++	SQL	HTML	CSS
-----------	--------	---	-----	-----	------	-----

TECH SKILLS	AI	ML	Computer Vision	Data Science	Lang Chain	AWS Bedrock	GenAi	OOP	MySQL
-------------	----	----	-----------------	--------------	------------	-------------	-------	-----	-------

PROJECTS	1. AI based Internship Allocation and Certificate Authentication Engine : - AI-driven platform automating internship allocation, certificate authentication, and analytics using LangChain–Google Generative AI pipelines integrated with Hugging Face embeddings. - Developed a Certificate Authentication Agent leveraging OCR (PyTesseract), CNN-based forgery detection, and LangChain workflow orchestration for intelligent document parsing and validation. - Built a multi-criteria AI matching engine utilizing BERT-based semantic embeddings and FAISS vector database as a scalable knowledge base for skill–internship alignment and contextual search.
	2.American Sign Language to Text and speech : Used a combination of Machine Learning (SVM, XGBoost, Multi Layer Perceptron) and Deep learning models (EfficientNet - B0, VGG16, ResNet 50. Techstack : Python, MediaPipe, OpenCV, TensorFlow, Pytorch, SVM yielded accuracy of 95 %, while ResNet 50 yielded 97 % accuracy.

EXPERIENCE	1. AI Intern Pimpri Chinchwad Municipal Corporation : Built an AI-powered edutech platform for PCMC science park with interactive modules for students (Grades 5–10). Integrated chatbots using LLMs and Generative AI for real-time query handling and dynamic content generation. -Reduced student query response time by 60% compared to manual methods. -Improved learning engagement by 40%, as observed through interactive module usage metrics.
	2. Finance Head International relations Cell, PCCOE : Directed financial operations for a ₹6 lakh budget, including tracking, reporting, and documentation.

LEADERSHIP	1. Led a Smart India Hackathon team, achieving qualification for the second round through strategic planning and effective project execution.
	2. Successfully led a team and hosted Youth Conference with participation over 1500 students.
	3. Handled management, operations and budgeting, gaining sponsorship of over 1.2 lakh INR with chief guest being Padma shri Awardee Milind Kamble (Chairman, IIM Jammu).

COMMUNICATION	1. Conducted professional pitch meetings for the startup idea, including with Mr. Ravindra Bharati, CEO of Bharati Share Market.
	2. Runner-up position in the State-Level Model United Nations (MUN) competition systematized by Kolhapur Institute of Technology in collaboration with the Kirloskar Group.

RELEVANT COURSES	1. AWS Cloud Architect by AWS Academy
	2. Fundamentals of finance by University of Pennsylvania, Coursera
	3. Software Engineering, PCCOE
